

FIELD CONDUCTING 2018-2019

Winter Field Conducting provides students of grades 7-12 to conduct an abbreviated field show played through speakers. Students compete at an individual level. They are critiqued on their execution, artistic performance, clarity, expression, and more. This is an opportunity for students to conduct as a Drum Major does conducts a live band during a field/halftime show.

Commitment includes 5 Saturday competitions both in and outside of Fairfield, CA. Students are guided by both the band director and Drum Major Instructor on music choice, execution, and artistry. Rehearsal occurs upon student's discretion and willingness to create a practice schedule with a teacher.

If you have any questions regarding scheduling or practices, please feel free to contact the instructor staff.
