

4/1/2019

Dear RHSEU Student Supporters,

We have an amazing announcement! The 2019 Fall Season will feature something very special....New Uniforms!!!

Thanks to your awesome fundraising efforts, working BINGO, and generous donations from both private and public parties, we are proud to announce the procurement of new uniform jackets for the REU. It has been 17 years since our first uniform purchase and, although our original uniforms have taken us through many winning seasons, we are long overdue for a spruce up.

Timely Fair Share payments have helped to keep the season going so that we could put all other moneys into savings to support large purchases such as the uniform jackets. Working BINGO has a double effect; Not only does part of it go to help with your own fair share, but the split money we receive can go towards necessary purchases as well. This time we went for the uniform jackets and gauntlets. Hopefully, with such continued support, we can soon make other necessary purchases such as: new bibbers to help complete the uniforms, new drums for drumline, a new floor for color guard, new microphones for choir, or any of the myriad of items needed to keep the program going for the students.

We cannot stress enough how important it is for each family to pay their Fair Share. Every dollar paid of Fair Share keeps each season going from competition to competition. In doing so, freeing up another dollar from other sources like fundraising and donations that we can put into savings. In turn, that money can be spent to improve equipment and bolster the efforts that every single students put into each of their performances.

Thank you again for helping to make this program a success. The Rodriguez Music Boosters Board Members applaud your support and contributions.
